These are books I love and recommend for those who want to learn more about astrology on their own. Then maybe decide if they want to try one of the schools, I reference in my resource section.

There are so many books written by amazing astrologers that are available. This is a short list. There are more specific to Solar Returns, Progressed, Solar Arc, Composite, Horary charts; Predictive, Mundane, Vocational, Rectification, Fixed Stars, Asteroids, Midpoints, Spiritual and Past lives, Relocation, Health & Wellness it depends on your own personal journey with the art and language of astrology and where it takes you. Enjoy exploring, the language of the universe and discover your soul and understand those around you better.
